Campbell River, BC | +1 250 204 8358 | fallpape199@gmail.com

LinkedIn: [linkedin.com/in/papa-amadou-fall-bb95a01a1](https://www.linkedin.com/in/papa-amadou-fall-bb95a01a1) | Portfolio: omadigital23.github.io/PapaAmadouFall | GitHub: github.com/omadigital23

Work authorization: Based in British Columbia on an employer-specific Canadian work permit. For a new employer outside Quebec, the LMIA-exempt Francophone Mobility/C16 pathway may be an option. I am happy to discuss a compliant start plan; start date would follow the required authorization process.

Professional Summary

Bilingual French-English technical support professional with 5+ years of customer-facing support experience for telecom users, internet connectivity, Wi-Fi, modem/router configuration, telephony, account issues, CRM documentation, and escalation follow-up. Strong fit for IT support, help desk, service desk, SaaS support, customer support engineering, and junior web support roles.

Professional Experience

Food Counter Attendant - Tim Hortons / 1271167 BC LTD

Campbell River, BC | June 2026 - Present

- Deliver fast, accurate customer service in a high-volume Canadian workplace while maintaining Canadian work experience, teamwork, procedure discipline, and service quality.

Bilingual Technical Support Representative - XCM / ITCM Sourcing, Client: Videotron

December 2020 - June 2026

- Supported residential customers with internet, Wi-Fi, modem/router, telephony, service, billing, and account-related issues.
- Guided non-technical users through step-by-step diagnostics in French and English, adapting explanations to the user's comfort level.
- Documented cases in CRM/ticketing tools, captured symptoms and actions taken, and escalated complex incidents to higher support tiers.
- Built strong habits in active listening, first-contact resolution, procedure compliance, customer reassurance, and quality-focused follow-up.

Selected Projects

- Technical Support Knowledge Base and Bilingual Support Ticket Simulator: troubleshooting notes, ticket triage, diagnostic steps, priority choices, and bilingual response templates.
- OMA Digital Automation and web portfolio: React/Next.js projects, business websites, n8n workflows, API integrations, DNS/HTTPS deployment, and practical web support evidence.

Education

Bachelor's Degree - Management Information Systems

Universite de Thies | Coursework: SQL, MySQL, database modeling, algorithms, web development, and software engineering.
