PROFESSIONAL SUMMARY

Bilingual French-English Technical Support Specialist with 5+ years of experience supporting customers with internet connectivity, modem/router configuration, telephony services, troubleshooting, ticket documentation, and issue escalation. Strong background in customer-facing technical support, Windows/macOS/mobile environments, basic networking, SaaS tools, web development, and API automation. Canadian customer service experience in a fast-paced Tim Hortons environment, with a reliable work ethic, clear communication, and a practical path toward IT support and software development roles in Canada.

CORE TECHNICAL SKILLS

Technical Support	Internet connectivity, modem/router troubleshooting, telephony support, first-contact resolution
Systems & Devices	Windows, macOS, Android, iOS, basic hardware/software troubleshooting
Networking	Wi-Fi, Ethernet, IP, DNS basics, performance diagnosis, customer equipment setup
Support Operations	Ticket documentation, escalation, KPI discipline, customer satisfaction, procedure compliance
Web & Automation	JavaScript, TypeScript, React, Next.js, PHP, Python, MySQL, APIs, n8n automation
Customer Service	Bilingual French/English communication, conflict handling, active listening, empathy

PROFESSIONAL EXPERIENCE

Food Counter Attendant / Customer Service Team Member

Tim Hortons (1271167 BC Ltd.) | Campbell River, BC, Canada | May 2026 - May 2027

- Delivered front-line customer service in a high-volume Canadian quick-service environment while following brand, safety, and hygiene standards.
- Operated POS systems, processed payments, prepared customer orders, and resolved routine customer inquiries with professionalism and accuracy.
- Worked collaboratively with a multicultural team under time pressure, supporting shift operations and consistent service quality.
- Built Canadian workplace communication experience, reliability, punctuality, and customer-facing confidence transferable to IT support roles.

Bilingual Technical Support Advisor N1 / Customer Support Agent

XCM Sourcing - Videotron Account | Casablanca, Morocco | Dec 2020 - May 2026

- Served as the first point of contact for customers experiencing internet, modem, router, telephony, and related service issues.
- Diagnosed technical problems involving connection quality, configuration, performance, Wi-Fi, cabling, DNS basics, and customer equipment setup.
- Guided non-technical users through step-by-step troubleshooting, including reboot procedures, settings verification, and service validation.
- Documented each interaction in ticketing systems and escalated complex incidents to higher-level support or specialized service departments.
- Maintained service quality targets including handling time, customer satisfaction, procedure compliance, and first-contact resolution.
- Provided bilingual French-English support while adapting communication style to customers with different technical skill levels.

Web Developer & Maintenance Technician

Net-Transact | Senegal | 2015 - 2016

- Developed and maintained web applications and internal digital tools using PHP, JavaScript, HTML/CSS, and MySQL.
- Performed website updates, database maintenance, troubleshooting, and basic user support for internal systems.
- Collaborated with business users to translate operational needs into practical web and technical solutions.

Stock Manager & Assistant Manager

Elim Peche Ltd. | Joal-Fadiouth, Senegal | 2016 - 2020

- Managed inventory tracking, production reporting, stock organization, and team coordination in an operational environment.
- Maintained structured reporting habits and process discipline useful for ticketing, documentation, and support operations.

SELECTED PROJECTS & TECHNICAL PORTFOLIO

- OMA Digital - founder/developer of a digital agency platform using modern web tools, automation workflows, APIs, and SEO-oriented structure.
- Nubia Aura - developed and deployed a responsive business website focused on usability, performance, and mobile experience.
- Sojif Consulting - built a corporate website with structured service pages and search-friendly content architecture.

EDUCATION

- Bachelor Degree, Computerized Management of Organizations - University of Thies, 2011 - 2014
