Dear Hiring Manager,

I am writing to express my strong interest in the Technical Support Representative, Help Desk Analyst, or Service Desk Analyst position within your organization.

With more than five years of experience providing customer-facing technical support, I have developed strong troubleshooting, communication, and problem-solving skills. While supporting Videotron customers through XCM Sourcing from December 2020 to June 2026, I assisted users with internet connectivity, WiFi networks, modem and router configuration, telephony services, and account-related inquiries.

In this role, I diagnosed technical issues, documented cases using CRM and ticketing systems, guided non-technical users through step-by-step resolutions, and escalated complex incidents to higher support tiers when necessary. Working daily in both French and English strengthened my ability to communicate clearly with diverse customers while consistently meeting quality and customer satisfaction objectives.

In addition to my professional experience, I hold a Bachelor's Degree in Management Information Systems from Université de Thiès and continue to expand my technical knowledge through ongoing Google Cloud training. My technical foundation includes Microsoft 365, Windows environments, networking fundamentals, VPN connectivity, DNS, Active Directory basics, and remote support practices.

I am currently based in Campbell River, British Columbia, and hold valid Canadian work authorization through the Mobilité Francophone program (LMIA-exempt, exemption code C16). This allows your organization to hire me immediately without the delays, costs, or administrative requirements associated with an LMIA process.

I am confident that my bilingual communication skills, customer service experience, technical support background, and immediate work eligibility would allow me to make a positive contribution to your team from day one.

Thank you for your time and consideration. I would welcome the opportunity to discuss how my skills and experience can contribute to your organization's success.

Sincerely,

Papa Amadou FALL
